Testors

Railroad Acrylics item numbers starting at 270-404079

- Certified non-toxic, convenient water wash-up
- High performance brushing and excellent airbrushing characteristics.
- Thins with water and is completely waterproof when dry.
-

Floquil Polly Scale

colors are specially formulated to flow easily from either a brush or airbrush. These colors offer accurate colors of the prototype railroads.

Polly Scale dries quickly and settles down without hiding details.

Quick and easy clean up are just some of the reasons why Polly Scale is becoming the choice of professional custom railroad painters today. .

- *Airbrush Directions:*
 - Thin with Polly Scale Thinner #F546008
 - Thin paint 75% paint to 25% thinner
 - Adjust compressor to 16-18 PSI
 - For Aztek use high flow nozzles, Red #9342C, Orange #9343C, or Yellow #9344C
 - Other brand airbrushes use a #3 needle

Floquil Classic Railroad enamels starting with item# 270-110006

are authentically matched to real color samples provided by some of the best known and historic railroads in North America.

Floquil railroad enamels dry to a permanent durable finish on plastic, resin, wood and metal models and can be applied by brush or airbrush.

- Locomotive and equipment
- Mixture ratio=3 parts paint to 1 part thinner

- Compressor regulator setting=16-18 PSI
